

Toney Volunteer Fire Department

Everyone knows the adage "Every Second Counts" when we're referring to an emergency and it's true. The difference between life and death may only be a few seconds for a victim. This fact has not been ignored by governmental agencies and community organizations; millions and millions of dollars have been poured into technologically advanced E-911 systems over the past 15-20 years. However, with all of this technology, we've ignored one small problem. People don't mark their home or business addresses sufficiently for emergency personnel to find them.

TVFD's goal is to help eliminate this problem with a reflective 6"x18" double sided address marker. The money raised will go towards much needed equipment.
